

That's why during this initiative, HPD has victim service providers on the scene to immediately address the 'buyers' and 'sellers'; to address any issues of human trafficking, and resources for 'sex workers' on getting out of the life.

How you can help:

- Continue reporting suspicious and criminal activity to HPD's non-emergency line at 713-884-3131 or 9-1-1 for all emergencies.
  - You may also contact the Precinct 2 Constable's Office at 713-477-4070
- Remain informed and engaged by participating in the monthly community PIP meetings with HPD at the police station at 8300 Mykawa on the 2<sup>nd</sup> Thursday of the month beginning at 7:30 p.m.
- Notify and submit tips to the District Attorney's Special Crimes Bureau at 713-274-5588 and the County Attorney's Office at 713-755-5101.
- Contact our state legislators and ask for their continued support with state resources especially with the highway patrol and regular cleanups and maintenance of the freeway right of way.

Again, thank you for your patience, engagement, and involvement.

Thank you,

Robert Gallegos  
Houston Council Member  
District I
