

# Berry Bayou No Trespassing Sign

Security is a main concern for all of our neighbors in Meadowcreek Village. Many of our neighbors have asked about tools that they could use to keep them safe from crime. **The Meadowcreek Civic Club** is working on several ways to help keep your home safe, and is starting off by offering the **Berry Bayou No Trespassing Sign**. Many people do not know that the land directly behind the homes along Berry Bayou is PRIVATE PROPERTY. If you own a home along Berry Bayou your property actually runs down into the water! Now we all realize that this land cannot be used for development, and is actually maintained by the Harris County Flood Control District. There is also a designated strip of land (or trail) that must be kept clear for the county or any state licensed utility company to use for maintenance and repair. That being said, there is a large amount of land that is not regularly used by people. (Animals use it though!) Unfortunately this quiet area can attract “squatters”, “campers” and other mischief makers at various times. There have been several instances of police chases in and around the Berry Bayou land area. It is our hope that this sign will clearly state to all those looking to cause trouble, this area is off limits! The sign is highly visible and will work perfectly to allow law enforcement to remove people from your property if needed. It is very easy to install. See the following information below for installation instructions . The sign is a reasonably priced **\$10**. You can purchase these signs on our Meadowcreek Village Website by clicking the “DONATE” box and following the instructions to pay the \$10 cost. We will arrange pickup or delivery of your sign. Be sure to include a good email address so we can communicate with you. We hope this helps our Meadowcreek Village neighbors along Berry Bayou and we are looking forward to bringing you more security tools in the very near future.. Any other questions, please let us know. Thank you!

# Berry Bayou No Trespassing Sign

The **Berry Bayou No Trespassing Sign** is very easy to install. And built to last It is made from heavy duty PVC, and was printed using the latest technology UV Resistant Inks. This sign is highly visible and indicates that the land along Berry Bayou is indeed Private Property. The sign also indicates that various Law Enforcement Agencies do indeed patrol this area. Our goal with this sign is to keep “squatters” and “campers” from settling in along Berry Bayou. Our goal is also to keep security high and crime low along the large amount of land behind the homes along Berry Bayou. Motorized vehicles are not allowed along Berry Bayou and this sign will help remind those that may or may not know. The sign can be mounted using two popular methods.

1. Mounted to a fence - chain link or wood using zip ties or industrial strength double sided tape (for wood fence)
2. Mounted (zip tied or screws) to a pole - poles sold at Home Depot or Lowes for approximately \$7.00 The poles are known as “Green T-Posts” or “Horse Fence Post.
3. Holes can easily be drilled into the sign material so you can custom mount the sign in many areas behind your home. Hole drilling examples are on the next page. Note: Do not drill too close to the sign edge to avoid cracking. Use a high speed drill with a small sharp drill bit.
4. If by chance you are unable to drill holes, please let us know, and we will be happy to assist.
5. Any other questions, please let us know. Thank you!
